

ABSTRACT

Inventor:: Ann Marie Janice Bryan
Application number:: 10/796,687
Subject Matter:: Utility
Filing Date:: March 7, 2004
Application Type:: (Regular) Nonprovisional
Title:: Wearable Speakers Vest/Jacket with removable
sleeves that come with sport wristwatch &
hood speaker headphone.

Also known as vibrator, transducer and subwoofer (To be wireless, battery operated, solar power dependent or Wi-Fi)

ABSTRACT OF THE DISCLOSURE

The invention is a "ready-to-wear" electronic wireless Wearable Speakers Vest/Jacket. The device provides an alternative and convenient way of life to appreciate sound and music through the power of the bass (sensational feeling) while on the go. The device will come with a connective compatibility outlet plug that can be used with the iPod, CD/DVD Players, laptops, games, PDAs, MP3 Player, and other kind of gadgets.
